ASBESTOS MANAGEMENT

Asbestos was commonly used in the building construction up until the 1980's. It does not pose a risk to health if it is undamaged or in a position where it cannot be easily disturbed.

We will:

- Meet our statutory obligations.
- Act on advice received from licensed specialists.
- Record incidents/locations of asbestos containing materials.
- Preserve the health of our tenants, employees, external contractors and the general public.
- Make information available to all stakeholders*.
- Respond promptly to any concern or query raised by stakeholders*.

* *Stakeholders can include tenants, employees, external contractors, owner occupiers and the general public.*
