

Welcome to the second edition of Upper Langlee Matters.

Thank you to everyone who has taken the time to complete the questionnaire we recently posted to residents in the Upper Langlee area.

We are also organising a "Planning for Real" session on Friday 23rd March where you can meet the team, discuss ideas for improvements and give us your views on the survey results.

John Paterson
Project Director

Have your say

We recently posted questionnaires to all local residents in the Upper Langlee area.

This questionnaire is an opportunity to ask you directly about the type of housing you need and to provide your views of improvements you would like to see at Upper Langlee.

We have kept the questionnaire straight forward and it should only take a short time to complete, all responses will be treated confidentially.

Your feedback is really important to us, if you have not yet completed your questionnaire, please complete and return to us by **Friday 2nd March**. If you prefer to complete electronically you can download the questionnaire from the Upper Langlee Matters facebook page, from the Waverley website (<http://www.waverley-housing.co.uk/upper-langlee-questionnaire>) or the ARK website (<https://www.arkconsultancy.co.uk/upperlangleequestionnaire/>).

You can return the questionnaires using the stamped address envelope or in the drop box at the Spar shop in Upper Langlee. If you have any queries, or have not received a questionnaire please contact us on 0330 124 1285 or email langleematters@arkconsultancy.co.uk. If you would prefer to provide feedback through a Waverley Housing Officer this can be arranged.

What have we heard so far?

Feedback received to date has been helpful and supports us in developing ideas.

The majority of people feel there is a good community within Upper Langlee, great views and good access to buses and local amenities.

However, many people feel that the external appearance of many of the buildings should be improved and so should the public spaces.

People would like to see more houses and better located facilities for local children.

Planning for real

We will be holding a "Planning for Real" session on the afternoon of **Friday 23rd March** at

Langlee Primary School
48 Langlee Drive
Galashiels
TD1 2EB

We hope you will be able to come along to meet the team, hear about progress and ideas so far, discuss the results of the current survey and give your ideas on what changes you would like to see.

The session will be informal and "drop-in" style. You should be able to chat with relevant team members one to one.

Further details and timings will be sent shortly.

Message from Langlee Residents Association

We are delighted to be involved with the Upper Langlee Regeneration Plan, and are excited by the chance we in the community all have to put our mark on it. Waverley Housing are looking for input from the whole local community, and this gives us the chance to say what we believe Beech Avenue and the rest of Upper Langlee should look like, and should offer in the way of accommodation for the future.

It is a huge privilege to be given this opportunity, and we ask that as many people as possible get involved.

You will have the chance to hear more about this, and give your opinion at the next Langlee Residents Association on 6th March - 7pm at the Community Centre - please come along and have your say.

Judith Cleghorn

Timeline

23rd
March

"Planning for Real" session 1

An initial engagement event for the local community to gain an understanding of the teams progress, the key findings of the survey and share some initial thoughts on what changes might be possible.

May
2018

"Planning for Real" session 2

This will be a combined "Planning for Real" and community event, including activities for children, a bbq and a performance by Langlee Choir.

The team will provide some clearer proposals for change and will welcome your views and answer any queries you may have.
