information (Indicator C24)**

Please state:

C24.1 The date your organisation's stock was last surveyed or assessed for compliance with the SHQS

March 2019

C24.2 What percentage of stock did your organisation fully assess for compliance in the last four years?

C24.3 The date of your next scheduled stock condition survey or assessment

C24.4 What percentage of your organisation's stock will be fully assessed in the next survey

20

C24.5 How did your organisation use the survey data stated at C24.2 to establish how the stock complied overall with the SHQS

Survey data is monitored through bespoke spreadsheets which include data for all properties and their current SHQS status. This data is reviewed on a regular basis and update reports included in both Management and Board papers. Any changes to stock SHQS status is updated on both these spreadsheets and our Asset Management System - including updating information on any works that have been completed to meet EPC recommendations. All updates and information collected via stock condition surveys are then utilised to form Planned and Cyclical Maintenance Programmes going forward to ensure SHQS is maintained. Stock condition surveys completed on 98% of our stock as at March 2019. We have been unable to access 2% of our stock but are working with tenants to gain access to complete the survey.
