

Drug Litter - What should you do?

Discarded needles can impact on your health, that of your children and those around you. Do something about it.

Discarded needles and syringes carry a risk of blood borne viruses such as Hepatitis B and C and HIV.

What should you do if you find needles?

DO NOT Touch needle or syringe
Try to put them in a litter bin
Try to put them down the drain or flush down toilet

DO call 0300 100 1800 – we will come and dispose of them safely

TO REPORT DISCARDED NEEDLES DURING OFFICE HOURS CALL – 01450 364200

OUT OF HOURS CALL POLICE SCOTLAND – 101
