

Laura Neish

I've wanted to join a board for some time. I am keen to gain a greater understanding of governance and strategic decision making from a board perspective, while bringing my own knowledge and experience to support the important work WH does in my own local community.

I have worked in Human Resources for over 20 years, building my career across the public and private sectors, including local government and housing associations. I would like to bring my experience across all areas of HR and organisational development to support Waverley Housing through change while helping to create positive and inclusive workplaces.

Equally, I'm looking forward to working alongside people from a wide range of backgrounds, learning from their experiences, and contributing positively to the future success of WH.

If you are thinking about joining WH Board - go for it! If you think you can bring the necessary, skills and experience to ensure the success of the organisation and positive outcomes for tenants then get involved, I have been made to feel very welcome.

Outside of work, I have two teenage daughters who keep me on my toes, and I enjoy spending time with family and friends, and continually learning and developing personally and professionally.
